Dear Sirs:

Applicants respectfully request that the enclosed Declaration be entered into the application for completion of the Notification of Missing Requirements. The Declaration previously filed on 16 February 2007 included a change to the second inventors name making it Jean-Francois THABURET.

The Patent Office has pointed out that no explanation was given for the change of name. The PCT application was filed by the applicants United Kingdom attorneys - Brookes Batchellor LLP. The inventor Jean-Francois THABURET was introduced to the attorney's as Jeff, since he goes by this informally. As a result the application was filed using the name Jeff THABURET, even though his legal name is Jean-Francois THABURET. There was no need to Mr. THABURET to sign documents in either the UK or PCT filing Stages, therefore the error was not noticed until the US National Stage was filed and a Declaration needed to be filed.

As a result Mr. THABURET crossed out the incorrect name Jeff and entered his correct legal name. The Declaration was subsequently rejected because an explanation was not given nor was the changes initialed. Enclosed please find a newly signed Declaration indicating the correct legal name of the second inventor.

Please charge any additional fees or credit overpayment to Deposit Acct. No. 13-2725. If a telephone conference would be helpful in resolving any issues concerning this communication, please contact Applicants' primary attorney-of record, Mark T. Skoog (Reg. No. 40,178), at (612) 371-5240.
